SAYS BUCKLEY DID GIVE TIPS TO BREWERIES

Schriener Explains to Court Meaning of Word "Briefs" in Telegrams

ECKHART IS RECALLED

Government Announces It Will Test Case Against Treasurer

BULLETIN
FEDERAL COURTROOM,
COLUMBUS, Jan. 31.—Bert B. Buckley, state treasurer, took the stand in his own behalf at 2:15 p. m. this afternoon.

COLUMBUS, Jan. 31.—That Bert B. Buckley, state treasurer, actually did send "tips" to John Schriener, who was jointly indicted with Buckley on conspiracy charges, when he was in the federal prohibition agents, was the highlight of Schriener's testimony at the morning session of the Buckley trial.

Schriener told the court that the word "briefs" in the telegram which has been introduced into the record was code for "bribe."

The witness admitted that he called officials of the Jackson Brewery Co. after the receipt of one such telegram to give the information that an inspection was pending.

John P. Eckhart, the government's star witness in the trial of State Treasurer Bert B. Buckley on bribery and liquor conspiracy charges, was recalled to the witness stand this morning, and before he could testify a word, the court was adjourned until 2 o'clock.

The government announced it would rest its case, but defense counsel re-

quested that Eckhart be recalled and Judge Benson W. Hough ordered the federal assistant prohibition commis-sioner to take the witness stand.

State Treasurer Buckley, in trial to federal court here on bribery and liquor conspiracy charges, will take the witness stand in his own defense, probably late today or tomorrow, it was learned.

PILOT LEAPS 3,000 FEET WITH AIR MAIL

Dramatic Parachute Jump Made During Blinding Storm Near Davenport

CHICAGO, Jan. 31.—The "re-
-pillar club" had a new member to-
-day in the person of Jack Story, air-
-mail pilot, who last night during a
-blinding snow storm tucked a pouch
-of valuable mail under his arm and
-stepped into darkness, 3,000 feet in
-the air.

The dramatic leap was made near
-Davenport, Ia., where Story's plane,
-enroute from Kansas City to Chi-
-cago, became disabled in the bliz-
-zard. The plane, with its wings
-weighted down with ice, could no
-longer be controlled.

Shutting off his motor, Story
-seized a sack of choice mail, stepped
-out on one of the wings and stepped
-into ink space. His parachute gave
-him a safe landing. The abandoned
-plane has not been located, accord-
-ing to late reports to the Chicago
-airport.

Story completed the trip to Chi-
-cago by train.

The daring pilot was awaited here
-by many fliers who hailed him as the
-next member of the "Caterpillar
-club," an organization of airmail
-pilots who have been forced to de-
-scend in the air.

Story, whose home is at Kansas
-City, is 24 years old and married.

LOAN CO. OFFICIALS TO CHANGE FRIDAY

M. L. Wilson To Succeed B. T. Wiant as Secretary; New Deputy Clerk

M. L. Wilson, deputy county clerk of courts and attorney Ben T. Wiant, secretary of the American Building & Loan Co. will assume new positions Friday when Wilson will become secretary of the loan company and Wiant will become the acting member of the law firm of Mouser, Young, Mouser & Wiant.

Wiant has been secretary of the loan company since its organization six years ago. Wilson leaves the clerk's office after nearly eight years there. He has served four years as deputy under Harley Keom.

He was elected secretary and director of the loan company at recent meetings of the stockholders and board of directors.

Names New Deputy
Clerk of Courts Koons today announced the appointment of Mrs. Koons, his wife, as deputy to fill the vacancy caused by Wilson's resignation. Mrs. Koons will also assume her office Friday.

Mrs. Koons has had considerable experience in the clerk's office, having been employed as extra help there during rush periods. The terms of office of both the clerk and the deputy will expire on the first Monday in August when Everett Gregory, elected to the post last November, assumes charge of the office.

Wiant joined the law firm headed by Grant E. Mouser Jr. when the partnership was reorganized two weeks ago. Other members of the firm besides Mouser and Wiant are Hector S. Young and Congressman Grant L. Mouser Jr.

PRINCE OF WALES IS GRIEVED BY DISTRESS

NEWCASTLE, Eng., Jan. 31.—Grief and touched by the distress he has encountered in the hours of jobless misery in the British coal fields, the Prince of Wales, who came north like a good Samaritan, will leave for London tonight after a three-day tour of personal inspection.

Still suffering from the cold contracted by exposure on the last day of his visit to the mining districts, the prince carried out the last of his program by touring the Bishop-Aukland mining areas.

COUNCIL TO GET "WHITE WAY" LIGHT PETITION

Improvement Association To Apply for Extension of Street Illumination

EARLY ACTION LIKELY

W. Center St. System Sure To Be Continued on Other Streets, Is Belief

A letter requesting extension of the "white way" lighting system along East Center and Main sts. will be sent to city council within the next few days by G. Parr Lario, secretary of the East Center and Main Street Improvement Association.

This association filed a petition with council a few months ago asking for paving of these two thoroughfares and council acted favorably upon the petition.

Expert Council Approval
At the time that petition was sent in nothing was said about light. However, it is expected that council will readily grant the request for extension of the system.

A. F. Van Deuse, president and general manager of the C. D. & M. Electric Co., stated yesterday that his company is perfectly willing to furnish the fixtures and install them, along both streets as quickly as council issues its order to proceed with the work.

Council will act on the lighting proposition within the next few weeks so that if the measure is passed, the C. D. & M. may proceed with its work along with the contractor who gets the paving contract.

MARION TO BENEFIT FROM RAIL MERGER

Hocking Valley Official Tells of Prospects in Van Swearingen Case

The proposed Van Swearingen rail merger will be a great aid to the city of Marion if it is carried out, is the opinion of E. H. Cott, director of public safety of the Hocking Valley Railroad, who addressed members of the Kiwanis club at the weekly luncheon of that organization at the Marion club today.

Mr. Cott pointed out that Marion would be on the direct line which would handle all of the coal from the south to Chicago and this would mean an increased payroll, additional men and facilities in this city.

Payroll and Tax Figures
The Hocking Valley already pays \$82,000 in taxes to the county of Marion and has a local payroll that exceeds \$200,000. Both of these would be increased greatly should the proposed merger be consummated, Cott said.

Possibility of the elimination of the six grade level crossings in the city was pointed out by Mr. Cott. He declared that his company is ready to proceed with the elimination just as quickly as the city is in a financial condition to pay its lawful share of this work.

Local Problems
Five problems in operation concern the Hocking Valley in Marion, Cott said. These problems are: the grade crossing problem, the failure of the city to provide a way for pedestrians to cross from Silver to Center sts., necessitating crossing on the railway right-of-way; trains blocking crossings; the road crossing between Prospect and Center and citizens' disregard for crossing watches.

Mr. Cott closed his address by outlining the reasons why a railway maintains a safety department.

BILL SIDETRACKED

Cruiser Measure, However, Certain To Pass in Senate

WASHINGTON, Jan. 31.—The administration's new cruiser bill, assured of enactment, was sidetracked temporarily in the senate today to permit action on the much delayed independent officers appropriation bill.

The cruiser advocates were not alarmed, however, as an agreement limiting debate after Monday will insure enactment of the bill early next week. A poll has shown the bill will be enacted on the final roll-call by an overwhelming vote.

FATHER JAILED

Entire Family of 9 in County's Case After Marion Man Is Sentenced

WITH the sentencing of John Russell Clark to jail yesterday afternoon, an entire family of nine has been placed in county institutions. Clark was sentenced to 60 days in jail for failure to provide for his seven children, ranging in age from 12 to one. The children are now in the county children's home.

Clark was sentenced in probate court by Judge Louis B. McNeal. Mrs. Clark, wife of the prisoner and mother of the seven children, is in the county home. Charges against Clark were preferred by the Marion County Humane society.

FORMER LOCAL MAN ELECTED TO STATE JOB

Geo. E. McCormick, Lima Editor, To Begin Duties as Librarian Feb. 1

SALARY IS \$5,000

Appointee Reported To Have Been Personal Choice of Governor Cooper

George E. McCormick, former Marion man who is now editor of the Lima Star, morning newspaper published at Lima, was elected state librarian yesterday and will begin his official duties Feb. 1.

McCormick reported to be the personal choice of Governor Cooper for the post, was elected by three Democratic members of the state library board, Earl R. Leach, managing editor of the Lima News, Frank M. Smith, of Bureyas, former newspaper man, and State Director of Education John L. Clifton.

Salary \$5,000
The salary of the state librarian is \$5,000. The position has been held since July, 1927, by C. R. Galbreath, of Columbus, who received without pay from former Governor Dowsley having released the state library appropriations for two years ago. Galbreath is also secretary of the Ohio Archaeological and Historical society.

McCormick has been a resident of Lima about two years and a half, going there from Marion to accept a position on the editorial staff of The Lima Star. A few months after entering the employment of that paper he was made editor and general manager. Early this year at the annual meeting of the Lima Star Publishing Co. he was elected president and general manager.

Governor's Comment
In announcing the appointment of the new state librarian, Governor Cooper commented on McCormick's activities and the influence of his paper during the 1925 Republican campaign in Ohio.

Prior to going to Lima, McCormick was employed as city editor of the Marion Star. He had been a member of the editorial force for more than 20 years. His term of service starting when former President Harding was active in the management.

500 COMB INDIANA COUNTIES FOR GIRL

Pretty Newsie Believed To Have Been Kidnaped by Fiend

TERRE HAUTE, Ind., Jan. 31.—More than 500 men combing through counties today had found no trace of little Edna Mae Dierdorf, 10-year-old news girl, believed to have been kidnaped by a fiend.

The only clue thus far uncovered was the bloodstained newspaper bag of the girl, found on the Ohio-Ill. way near Dayton, Ind.

The girl was unusually pretty and large for her age.

NEW BUILDING PLANNED FOR W. CENTER ST.

Announcement Made Following Purchase of Eagles' Lot by H. A. Ammann

5-STORY STRUCTURE

Expected To Be Occupied by Retail Store, Ammann States

Plans for the erection of a five-story building on West Center st. have been tentatively adopted, it was announced today by H. A. Ammann.

The building will be erected on a lot purchased by Mr. Ammann from the local Eagles' lodge. The lot is located immediately west of the Logan Furniture store and is presently occupied by the Dunker. Other structures.

Purchase price of the lot is \$31,000 or \$500 a foot front. The lot has a 60-foot front and is 122 1/2 feet deep. Transferee for the purchase of the lot will be completed Saturday, Mr. Ammann stated today.

While plans for the erection of the building and its future tenants are only tentative, Mr. Ammann stated today that the entire structure would likely be completed in a year.

With the announcement of the purchase of the Eagles' lot, the building program on West Center st. this year promises to equal if not exceed last year's work. Announcement of the proposed Ammann building makes two new structures which will likely be started with the arrival of spring.

The management of the local J. C. Penny Co. store has completed negotiations for a five-story building on the site now occupied by the office of Mrs. A. and Herman Hurd. The new management's Ward building adjacent to the Hotel Harding is nearing completion. Besides this the Grant Co., which will occupy the room to be vacated by Klumbe's clothing store, plans an extensive remodeling program.

Marion Religious School Serving Urgent Need of Church, Supervisor Says

Specially Trained Teachers Essential, Rev. F. A. Shultz States in Explaining Educational Movement; Marion School One of 75 Being Conducted in Ohio

The purpose of the Marion county religious training school being conducted at the First Presbyterian church this week by the Ohio Council of Religious Education, as explained by the Rev. Frank A. Shultz, superintendent of leadership training in the Ohio Council of Religious Education, is to prepare men and women for church service just as thoroughly and as well as it is possible for able students to do. The churches, he pointed out, need teachers who have had special training in the same way that the public school system needs them.

The council of churches is in charge of the Marion County Standard Training school for church school workers of all denominations, seventy-five schools of the same type being conducted throughout Ohio during the school year starting in September, offering a course of 10 courses. Four of these courses are being studied in the Marion County Training school.

Is State Supervisor
As superintendent of leadership training, it is the Rev. Mr. Shultz's task to promote and supervise schools throughout the state. Most of the schools are of five-day periods, but some of them are conducted in 10-day periods, with an hour class each night.

In order to graduate from the school and get a diploma it is necessary for the student to have studied 12 of the 43 courses planned.

Classes are conducted here on each the same plan as those in the public schools, except that a 20-minute devotional period is given from 7:30 until 8:00 o'clock. Wednesday night, J. H. Prettyman was in charge of the devotional. A roster of boys and girls from Forest Lawn Presbyterian church and several numbers. Members of the group included Hazel Boyd, Edna Mae Cook, Fern Mae Bailey, Ronald Bailey, Harold Gault and Lester Walker.

Preparing Papers
The class conducted by the Rev. Maxwell Hall, general secretary, Washington County Council of Religious Education, was required to read in papers, each of 400 words, on two subjects, "Ourselves and Turn To Page 11."

ALOFT 13 HOURS

MISS ELEANOR SMITH

NEW FLYING RECORD SET BY MISS SMITH

Establishes Solo Endurance Mark for Woman; Up 13 Hours, 16 Minutes

MITCHELL FIELD, N. Y., Jan. 31.—Miss Eleanor Smith, just a 17-year-old aviationist, landed at Mitchell field at 3:35 a. m. today, having flown in her biplane over establishing a new solo endurance record for women. She had been aloft 13 hours and 16 minutes and 45 seconds, up one hour and six minutes longer than the mark set a few weeks ago by Miss Hobbes Trout at Los Angeles.

Although a sealed instrument was installed in the plane by National Aeronautics association officials, her mark probably will not be recognized officially. The association draws no distinction between endurance flights by men and women.

Miss Smith, who secured her private pilot's license last year, broke her own record at 11 o'clock last night. At that hour she had been aloft eight and three-quarters hours, longer than any other woman's solo flight in this section and a longer stretch of night flying than had been accomplished by any other woman solo flier.

Minutiae Duplications
James Hoffman, a member of the commission, stated that the differences between the permanent valuation and the tentative figure was due to the elimination of various duplications made in the original order relative to reallocation in the different members of the non-outstanding group.

Hoffman said that at arriving at the final figure the commission "stands pat" on all of its figures established in the original order last November relative to outstanding values, leaseholds, and all other similar principles involved in the case.

With the proceeding unimpeded and the company have the right of appealing to the Ohio supreme court within 30 days.

FIRE IN SHIP'S HOLD CLAIMS TWO LIVES

Five Persons Injured In Bold Attempt To Halt Blaze

JERSEY CITY, Jan. 31.—Two members of the crew sacrificed their lives in a bold effort to check the spread of flames and five persons were injured when the wreck of the Dollar liner President Johnson, bound for New York, while the ship was tied up at the pier here today.

Loss was estimated at \$100,000, by Dollar line officials, who said the ship's departure for Cuba scheduled for this afternoon probably would be delayed.

Four firemen have been removed to hospitals suffering from smoke inhalation and a fifth fireman was rescued from the fire river when he became dazed and leaped overboard. The fire is believed to have started in the machinery room when an oil stove was upset. Members of the crew in the room fought it for a few minutes, then called for help.

BLIZZARD HEADED THIS WAY, REPORT
Marion Likely to Feel Effects of Cold Blast From West

Marion is likely to feel the effects of a blizzard, which today is holding the middle west in its grip. The cold wave is expected to hit northern Ohio late this afternoon, according to the report of the United States Weather Bureau.

Should the effects of the blizzard reach Marion the weathermen predict that the temperature will soon drop around the zero mark.

The weather report today reads: "Continued cloudy and cold (Thursday); Friday continued cold and fair."

Nearly one inch of snow fell last night in Marion and a light fall continued all morning. Two or three inches made their first appearance of the year in the city this morning.

Yesterday the temperature rose to 25 degrees during the afternoon and then fell to 14 degrees last night. One year ago Wednesday the warmest temperature recorded was 25 degrees and 14 above zero was the coldest.

OVER MILLION DOLLARS UNDER FIRST FIGURES

State Utilities Commission Rules on Properties of Logan Gas Co.

CHANGES ARE MADE

Reallocating Values in Various Communities Causes Drop from Nov. Total

The permanent valuation of the Logan Gas Co. properties in Ohio for rate making purposes was set this afternoon at \$9,607,366 by the state utilities commission at Columbus. This valuation is upon the "used and useful" properties of the company and will be used by the commission as the basis of its rate of rate schedules which the company may charge cities, villages and rural communities of Ohio which are known as the "non-outstanding group."

The permanent figures are \$1,188,710.27 lower than the tentative one set by the commission last November. Due to reallocation.

The tentative valuation was \$10,796,076.43.

The difference between the permanent valuation and the tentative figures, it was explained, resulted from changes made by the commission in reallocating to the various communities affected the valuation of the properties of the company.

As a result of the reduced figures the commission is to change its figures of the reallocation. This may not be accomplished this afternoon, it was announced.

Eliminate Duplications
James Hoffman, a member of the commission, stated that the differences between the permanent valuation and the tentative figure was due to the elimination of various duplications made in the original order relative to reallocation in the different members of the non-outstanding group.

Hoffman said that at arriving at the final figure the commission "stands pat" on all of its figures established in the original order last November relative to outstanding values, leaseholds, and all other similar principles involved in the case.

A number of neglecting a common winter disease are recommending a pleasant hospital method of curing colds. The method, which is known as the "Cherry Pectoral" method, involves the use of a special syrup that is inhaled through the nose. The syrup is designed to soothe the throat and loosen the mucus, thereby relieving the symptoms of a cold. The method is quick and effective, and can be used at home without the need for a doctor's visit.

SUMMER SUNSHINE UNDER YOUR HOOD

HOUSE IN THE SUBURBS. Brilliantly lighted, a full moon, and bright, shining on snow covered lawns, a long line of cars parked outside in the cold.... The strains of Mendelssohn's Wedding March Romance! The back door opens cautiously. "Is our chance to get away?" "Yes. But they'll probably shoot us before we can get the car started—it's so cold!" "No fear, my dear. We had a perfect man. He made sure we'd be Summer Sunshine under the hood!" Cold Weather SOHIO in the tank!

It has been reported for some time that the city's newest and most beautiful theater would install talking equipment thereby permitting the showing of sound and silent pictures. This equipment it was said was to be installed some time during February. No formal announcement has been made however.

The house has been giving three acts of vaudeville and a feature picture daily since shortly after its opening. It has been shown that sound pictures may be shown for half a week and vaudeville and silent films the other half. And for it is

Miss Emma D. Braentigam Tells How Cuticura Healed Pimples.

"My skin was broken out with all kinds of pimples. They gradually grew larger and when they broke out they would form. I was thoroughly disgusted. In fact I would not go out among my friends because my face was disfigured. The trouble lasted two years. I tried different remedies but they all failed. A friend advised me to use Cuticura and I purchased some. After two or three weeks I began to notice a change and in five or six months I was completely healed. I signed Miss Emma D. Braentigam, 3220A Minnesota Ave., St. Louis, Mo., June 27, 1928."

Send 10¢ for Cuticura and 10¢ for Cuticura Cream. Sample each free. Address: Cuticura Laboratories, Dept. 11, Malden, Mass.

PROFOTOV COATINGS
161 WEST SEVENTH STREET
LOS ANGELES
January 3, 1929

The Richman Brothers Co., Cleveland, Ohio.

Gentlemen,

Your Pacific Coast Representative, Mr. H. W. Downs, asks that I confirm in a letter, my statements to him of 100% satisfaction in ordering Richman's Clothes from Los Angeles by mail to Cleveland.

I cheerfully comply, as my experience and satisfaction may be of "profit" benefit to other business men.

Some months ago I ordered two Richman suits and an overcoat. I now have "proof of the pudding." I am glad to testify to your qualifying in every particular with every promise made, and that includes a 10 day delivery from the date of taking the order in Los Angeles to the day the suits and overcoat arrived from Cleveland, also that the style, quality and fit met my most exacting expectations. Everything has proven 100% as represented.

I have been a purchaser for years of suits costing from \$50.00 to \$85.00, believing that "price" was a factor in appearing well. Occupying an Executive Sales position, it is desirable that I dress well, in my travels, as I lecture before Civic and Technical Associations and am constantly attending National Conventions. I have the mental satisfaction in wearing Richman's Clothes of knowing that the style, fit and quality of my apparel is equal to that of anyone I meet. In addition, I have saved considerable money and am able to have a larger variety of clothes to meet all business engagements.

There is no exaggeration to my enthusiastic appreciation of all the combined factors of your "economic merchandising system."

Very truly yours,
C. Homer Spotts

Don't let Rheumatism make an invalid of you.

SSS. stands ready to knock it out.

THOSE muscular pains, commonly called rheumatism, are generally due to a run-down condition, with the number of red-blood-cells below the normal count.

SSS. aids the system in building up these red-blood-cells and in getting rid of the condition of which the rheumatism is but a symptom. The body becomes strong and disease-resistant, and the rheumatic pains go.

Pains in your muscles and joints make you miserable, less efficient, interfere with your working hours, ruin your sleep. If allowed to continue, as the years pass the danger increases.

But what a change with rich, red-blood-cells in your body—Nature's building material—making the flesh firm—giving strength to the vital organs.

You can't rub rheumatism out. It is deeper than that. It must be knocked out. And the sure way is by helping the fighting blood—the red-blood-cells!

Increase your army of "workers" (red-blood-cells), and those muscle and joint pains, commonly called rheumatism, vanish. SSS. has brought this change about for thousands. Why not for you?

"After suffering several years, six bottles of SSS. completely relieved me of rheumatism. It also gave me a skin eruption and gave me a good appetite. I think SSS. is a wonderful medicine."

R. L. Burt, Southern Railway, Knoxville, Tenn.

"I was very nervous; had hardly any appetite, and suffered with rheumatism. I tried many medicines, but SSS. is the one that did me the most good. I am now well, and feel like a new man."

William Osborne, 2406 Sloan Street, Flint, Mich.

SSS. is made from fresh vegetable drugs.

DIVISION OF DUTIES
Next Executive's Passion for Organization Seen in Proposals

BY GEORGE R. HOLMES
Marion Star Staff Writer
LONG KEY, Fla., Jan. 31.—Herbert Hoover is planning a number of innovations in conducting the executive business of the government when he takes over the reins at the White House on the fourth of March. One of these involves the office of secretary to the president, always an important post, and one that has become increasingly so in recent years.

with the many duties of the executive office. Instead of one secretary, as is presently the case, Mr. Hoover would like to have at least two or three with a clear division of duties. At the present time, Mr. Hoover's duties are so varied that he is unable to devote much time to the preparation of his reports. He has been known to spend hours in the office, but he has been unable to prepare a report for a long time. He has been known to spend hours in the office, but he has been unable to prepare a report for a long time. He has been known to spend hours in the office, but he has been unable to prepare a report for a long time.

The burden of the executive office is now tremendous, and each season of increased activity increases the burden. Mr. Hoover is steadily increasing the number of his secretaries. He must read more reports, make more appointments, accept more responsibility for the work of more men as each year passes.

Pape's COLD COMPOUND
to STOP a Cold

with a compound that comes in plain, pleasant tasting tablets. No trouble to carry, and so easy to take, but amazingly efficient, as you'll find out! Pape's Cold Compound works so quickly, you'll think it took the first bite. And stops gripe or "flu." If you give it time and take several tablets Pape's way of stopping colds is worth remembering so remember the name, 35c, at druggists—they all have it—Ad.

DROPS SIX MILES

Lieut. J. B. Haggan, U. S. Air Corps, is said to have jumped from a height of 32,000 feet in a jump from his burning plane while at an altitude of 32,000 feet he landed with his parachute in a thicket of trees near Springfield, Ohio, escaping with only a few minor scratches.

bank host. He planned to show off early this morning on one of the power lines for the golf stream arcar, there to make a whole day of it.

Horatio Alger Story Heroes Dethroned as Favorites in Marion Juvenile Circles

"Poverty to Riches" Tales No Longer Widely Read, Inquiry Reveals

PURISH the thought that the Marion boy of 1929 will find a precious reading hour in the tales of Horatio Alger as his father did when he was a boy.

Three stereotyped copies of "Bound to Rise," "The Cash Boy," "Making His Way" and "The Boy Who Sold the World" are the only Alger stories that are read in the Marion City library.

This seemingly incredible information regarding the reading tastes of the present day youth is based upon results of inquiry made at the Marion City library and at stores where books are sold.

Want "Real Life" Stories
The boys of 1929 still have minds that are keenly open to adventure stories, the stories that "read more" have real experiences, back of them or they just don't "go over."

Blood curdling accounts of the French and Indian wars, set in with a sound historical background, grip the imaginations of today and cause weary mothers to call their boys for bed more than once.

Belton sports books are rapidly taking a place on the shelves of the libraries and homes for today, more than ever before, boys are becoming interested in the major sports of the athletic world and any literature which they can read that will bring them nearer perfection in their chosen sport, is avidly devoured.

Biographies Gain in Favor
The real thing for which parents and teachers should thank biographies are being written in such an interesting manner these days that at present they rank with the best sellers. Biographies used to be the bane of any boy's life, but now they voluntarily demand this class of reading and raise a protest if the librarian or the parent can't get them.

Biographies and "True to Life" Fiction Gain in Popularity
Some historical books are read for their own sake, and some are read for the sake of the "true to life" fiction. The latter is the more popular of the two.

Animals Narratives Read
There is a class of boys who are interested in the life of animals. They read books about the life of animals, and they are interested in the life of animals.

Capt. George Fried, heroic rescuer, says: "Reach for a Lucky instead of a Sweet."

"AN S.O.S. from the 'Florida'! We change our course. We on the 'America' strain to arrive in time to rescue the men on their sinking ship, 350 miles away. Through the icy, freezing storm and high seas we plunge on—all speed ahead! Then the night-time rescue, the search lights, the whirling waves, the manoeuvring to get near the 'Florida'. Finally, the 'Florida's' crew coming off one at a time, pulling themselves through the water on the line our men had thrown them.

"These 32 men, dazed, many half clothed, needed reviving after their long exposure. Hot coffee, food and Lucky Strikes—these gave new life to many of them and we on board the 'America', crew and passengers alike, found after the strain and struggle that there was nothing quite so comforting and relaxing as the inviting, toasted flavor of Lucky Strikes.

"Playing this game with 'Davy' is ever fascinating, ever thrilling. And we who follow the sea must be ever ready for adventure. Ours is an active life, demanding nerve control and physical fitness. In my health program I have found that Luckies are most important not only because they provide a respite for frazzled nerves and an exhausted body but because whenever I crave anything which is over-fattening, I say to myself, 'Reach for a Lucky instead of a sweet'. In the toasted flavor of Luckies, I get complete satisfaction. And I find that toasting, by removing the irritants, protects my throat."

Note: Authorities attribute the enormous increase in cigarette smoking to the improvement in the process of cigarette manufacture by the application of heat. It is true that during the year 1928, Lucky Strike Cigarettes showed a greater increase than all other cigarettes combined. This surely confirms the public's confidence in the superiority of Lucky Strike.
